

Dear Fifth Grade Parents and Students,

Welcome to grade 5! I hope that this next year will be successful and enjoyable for everyone. My job is to help each student be the best they can be academically, spiritually, and socially. With this in mind, I ask that each of you come to school prepared and ready to do your best work each and every day.

Below is the fifth grade supply list. Please label your supplies and your supply box with your name. Have pride in your important tools and treat them with respect throughout the year, and please restock your supplies as you run out. We will not be using seat sacks this year for notebooks and folders as they were not strong enough. We will be using crates to hold some of the hard covered textbooks. **There is limited space in the desks, therefore, please do not bring extra supplies beyond what is on this list.**
